B. FREQUENTLY ASKED QUESTIONS (FAQ)

The following table lists frequently asked questions.

FREQUENTLY ASKED QUESTIONS	ANSWERS
What is a Medicare-Medi-Cal Plan?	<p>A Medicare-Medi-Cal Plan is a health plan that contracts with both Medicare and Medi-Cal to provide benefits of both programs to enrollees. It is for people age 65 and older. A Medicare-Medi-Cal Plan is an organization made up of doctors, hospitals, pharmacies, providers of Long-term Services and Supports (LTSS), and other providers. It also has care coordinators to help you manage all your providers and services and supports. They all work together to provide the care you need.</p>
Will I get the same Medicare and Medi-Cal benefits in SCAN Connections at Home that I get now?	<p>You will get most of your covered Medicare and Medi-Cal benefits directly from SCAN Connections at Home. You will work with a team of providers who will help determine what services will best meet your needs. This means that some of the services you get now may change based on your needs, and your doctor and care team's assessment. You may also get other benefits outside of your health plan the same way you do now, directly from a State or county agency like specialty mental health and substance use disorder services, or regional center services.</p> <p>When you enroll in SCAN Connections at Home, you and your care team will work together to develop an Individualized Plan of Care to address your health and support needs, reflecting your personal preferences and goals.</p> <p>If you are new to the plan and taking any Medicare Part D prescription drugs that SCAN Connections at Home does not normally cover, you can get a temporary supply of up to a 30-day supply of medication (for those members who aren't in a long-term care facility) or a 31-day supply of medication (for those members who reside in a long-term care facility) within the first 90-days of enrollment and we will help you to transition to another drug or get an exception for SCAN Connections at Home to cover your drug if medically necessary. For more information, call Member Services at the numbers listed at the bottom of this page.</p>

<p>Can I go to the same doctors I use now?</p>	<p>Often that is the case. If your providers (including doctors, hospitals, therapists, pharmacies, and other health care providers) work with SCAN Connections at Home and have a contract with us, you can keep going to them.</p> <ul style="list-style-type: none"> • Providers with an agreement with us are “in-network.” Network providers participate in our plan. That means they accept members of our plan and provide services our plan covers. You must use the providers in SCAN Connections at Home network. If you use providers or pharmacies that are not in our network, the plan may not pay for these services or drugs. • If you need urgent or emergency care or out-of-area dialysis services, you can use providers outside of the SCAN Connections at Home plan. Our plan also covers urgent care and emergency services worldwide if you have medical symptoms that require immediate medical attention. This does not include physician office visits. • If you are currently under treatment with a provider that is out of SCAN Connections at Home network, or have an established relationship with a provider that is out of SCAN Connections at Home network, call Member Services to check about staying connected and ask for continuity of care. • Continuity of Care (COC) is available for members who need additional assistance to ensure uninterrupted care and safe transition of services. <p>Important COC information:</p> <ul style="list-style-type: none"> • COC requests are made together with you and your primary care physician (PCP). • You must meet certain criteria in order to receive COC services. See the SCAN Connections at Home <i>Member Handbook</i> for more details. • COC services extend to PCP, specialists, and select providers/ services. • COC is only available for covered SCAN Connections at Home benefits/services. <p>To find out if your doctors are in the plan’s network, call Member Services at the numbers listed at the bottom of this page or read SCAN Connections at Home Provider & Pharmacy Directory on the plan’s website at www.scanhealthplan.com.</p> <p>If SCAN Connections at Home is new for you, we will work with you to develop an Individualized Plan of Care to address your needs.</p>
